Using the Language of Peacemakers

Elder Alfred Kyungu · October 2026 general conference

1. TALK OVERVIEW

Elder Alfred Kyungu, General Authority Seventy, spoke about using the language of peacemakers. The invitation to forgo contention by using the language of peacemakers comes from the living Prophet and is a call to discipleship as individuals follow Jesus Christ. It is a spiritual exercise to identify language and expressions to forgo and replace them with words and phrases that bring peace. Remove words that damage relationships — such as “You are useless,” “Just stop talking” or “What is wrong with you?” — which weaken love, diminish respect and damage relationships. Rather than words that escalate anger, disappointment and frustration, choose words that encourage understanding and peace and that strengthen confidence and preserve relationships — such as “Thank you,” “I’m sorry” and “I forgive you.” The true doctrine of Christ has power to change language. He invited Saints to repent of harsh language that has offended friends, leaders, family members and colleagues; to pray for peaceful communication regardless of differences of opinion; and to use language that uplifts, edifies, comforts and brings people together.
