O Be Wise

President D. Todd Christofferson · October 2026 general conference

1. TALK OVERVIEW

Gambling has exploded, made continuous and private by smartphones, and disproportionately affects youth and young adults. Beyond lost money, it displaces saving, increases debt and brings family and social costs. Gambling is morally wrong — built on desiring something for nothing — and crowds out things of value. He pled for us to live on a higher plane and use saved time and resources for good.
